

# PACKAGING ENGINEERING SERVICES SUBSCRIPTION

Now there's a full-service subscription solution to support your packaging needs.

## Here's How It Works

Provide your department with surge capacity by tapping into NPG's team of packaging engineers and to get the support you need when you need it.

A convenient subscription model provides support for everything from high-level strategy and solving technical challenges to writing protocols and test reports. Whatever your packaging engineering needs, NPG's team has the right skill set to support you.

## Why Choose NPG?

- On-demand access to comprehensive packaging engineering support
- A virtual packaging department that has deep expertise to support your critical programs
- A scalable model for about the same cost as a full-time employee
- Access a bank of hours designed to handle everything from day-to-day packaging engineering work to strategy and innovation workshops

## Services at a Glance

### Design, Development, Verification & Validation
