

ON-DEMAND PACKAGING ENGINEERING SUPPORT

Scalable Packaging Engineering Solutions That Keep You Moving

Need extra hands—or extra brainpower? NPG On-Demand gives your team flexible access to expert packaging engineers, exactly when you need them.

Whether you're tackling high-level strategy, solving technical puzzles, or just need help getting protocols and reports out the door, our NPG On-Demand model makes it easy to scale support without the hassle.

From quick wins to big-picture planning, we've got your packaging team covered.

Why Choose NPG?

- **Expert Access, Anytime:** Get direct access to a full team of packaging pros. Whether you need strategic guidance or a quick answer, our experts are just a call away.
- **Scalable Support, No Extra Headcount:** Packaging demands fluctuate, but your team size doesn't have to. We step in when workloads surge, so you stay on track without the need to hire.
- **On-Demand Packaging Engineering Assistance:** From daily tasks to strategic planning, our team handles the details, so you can focus on the bigger picture.

Services at a Glance

Design, Development, Verification & Validation

Expert support for med device, pharma, and biotech packaging—every step from design to qualification and compliance.

US, EU & Global Markets Compliance Strategy

Navigate regulatory requirements with confidence. We provide gap analyses, remediation roadmaps, and hands-on execution.

Equipment & Process Validation

Get it right the first time. We manage equipment qualifications and process validations that meet rigorous industry standards.

Cost-Savings & Sustainability

Smarter packaging solutions that align with your bottom line and compliance to the EU Packaging and Packaging Waste Regulation.

Professional Project Management

Tap into certified PMPs to drive execution, manage timelines, and keep your packaging initiatives on track and on budget.

Temperature-Controlled Packaging

Seamless cold chain support—from design through qualification, including evaluation of supply chain and shipping lane management.

Here's How It Works

Schedule a Call

Connect with our team to talk through your packaging engineering challenges, goals, and what support looks like for you.

Choose Your Plan

Pick the tier that matches your workload and budget. Get the right level of support at the right time or just when you need it.

Activate Your Experts

Once you're set up, our packaging engineers get to work. From test protocols to validations and design support, we handle the details so you can stay focused on what's next.
